

Sample Assessment Rubrics

Introduction

The following sample assessment rubrics can be modified by the teacher to match the unit activities of LOTE Checkpoint C. The sample rubrics define expectations for speaking and writing.

Assessment rubrics should accomplish three goals:

- ¥ inform the students of standards and expectations
- ¥ inform the students about levels of achievement
- ¥ inform the students about specific areas in need of improvement.

Since the LOTE Checkpoint C level does not have formal standardized assessments, it is important that the teacher create some form of evaluation so that students are informed about their progress. Teachers are encouraged to modify the enclosed rubrics or create their own, so that grades are not the only form of student assessment.

Checkpoint C classroom teachers may prefer to distribute assessment rubrics at the beginning of a unit, so that students are aware of expectations and understand how their work will be evaluated.

The following rubrics, guidelines, and checklist are used in conjunction with the New York State LOTE assessments:

- ¥ Informal Speaking Rubric
- ¥ Guidelines for Speaking
- ¥ Checkpoint C Writing Rubric
- ¥ Word Count Guidelines
- ¥ Writing Checklist.
